

How To Save
ENERGY
And why

Welcome...

Welcome to the Yealey Elementary Energy slide show. In this slide we will show you how to save energy and why. Thanks!

How to Save Energy

Now let's tell you the ways to save energy. We made a video to show you this. The link is listed below. We also wrote the ways to save energy below, in the video you will get more information about these things. ATTENTION: Please only watch the video and do not disturb anything else.

Windmill

Hydroelectric dam

Solar Panels

Why to save Energy

You should save energy because ...

1. You won't lose as much money

2. You'll be saving the earth

3. You'll be a superstar!
