

Memorial Junior High School

1250 Professor Road
South Euclid, Ohio

8th Grade

East Cleveland Energy Leadership Summit

- October 15, 2019 - South Euclid, Ohio
- Students' goals were to learn about energy and how to be energy leaders
- Students learned how to lead various energy activities and to work with students from other local schools
- Students especially liked working with the snap circuits and the team relays

Energy Grant

- Students were so fascinated with the energy program, they decided to write a classroom grant through First Energy to purchase something energy related
- Students decided upon a Tower Garden and were awarded the grant.
- The Tower Garden arrived in March, but the students were unable to start their energy experiments for a scheduled Science Expo, due to school closures.

Cleveland Energy Workshop

- November 18, 2019 - Middleburg Heights, Ohio
- Students were asked to be energy leaders for elementary students, along with two other schools.
- Students were to specialize in one energy activity and present it to small groups of elementary students

Cleveland Energy Workshop Continued

- MJH students took leadership roles and worked with students from other junior high schools.
- MJH students were successful based on the reactions, learning and development of the elementary students.

Classroom Energy Day

- While studying the energy unit in class, students used materials that were presented to the classroom from the Leadership Summit.
- Students were able to choose what energy sources that they wanted to focus on and worked in groups to share with their classmates.
- Students were able to be leaders in their energy topic of choice, showing their understanding of specific types.
