JUDY REEVES AND DEVON MELVILLE

Due to Covid and two Hurricanes Laura and Delta we have just returned to our campus in late February. Our goals have been simple: Restart our award winning recycling center and Host an Earth Day program explaining the new recycling system . We will also identify renewable energy and identify the effect on our climate. St Margaret was knocked down, but we are not Knocked out!!!

GOAL # 1 Promote School on Recycling Programs and Going Green in our community .

Activities

- obtained permission from the principal to conduct the activities at school and off campus .
- Go to each classroom with recycling information and why we reduce solid waste (talking Trash)Science
- Students present information to classrooms and PTC, on recycling, upcycling, at our school and in the community.
- Assembled recycling containers and position around campus
- Identify that all classrooms Prek3-8th grade has recycling bins.
- Contact city of Lake Charles for replacement recycling bins
- Made Recycling Flyers with recycling information had them posted in newsletter and gave out at PTC
- Students in the 8th grade identified non renewables vs renewables in candy collectors .
